

New Application Release Bulletin

IngeCheck NCN/ECHO Application (ECHK)

i5100

Our Value Add team has recently released our newest addition to the suite of Value Add Applications. We are proud to announce that Ingenico has received a Class “B” certification letter from NCN/ECHO on August 5, 2008, allowing our iSeries terminals to transmit check authorization messages in the ECHK format to the NCN/ECHO check host. This application has also received certification from RDM’s ITMS system for archiving images. Ingenico’s IngeCheck application is written in the ECHK format, which is commonly referred to as the NCN “new host”.

i7780

We expect to receive a Class “A” certification from NCN/ECHO in our next phase of development.

Terminal Types:
