i5100

OptiTerm Gift & Loyalty Application

Ingenico's business development team has recently released our newest addition to the suite of Value-Added Applications. We are proud to announce that the OptiTerm gift & loyalty application is now class "A" certified, making Opticard the newest partner in our Value-Added Program. This application allows our i5100 terminals to carry out transactions involving Opticard gift and/or loyalty cards.

Unique Feature:

This application supports Opticard's unique system that allows one card to support multiple gift and loyalty programs. A previous version was released in November of 2008.

Terminal Types:

- i5100

Application Specifics:

- Application Version: 1.71
- Communications Supported: Dial & IP
